This programme is required to be renamed and realigned to the revised NQF. This means that 2011 is the last year that students completing this programme will be awarded the "Bachelor of Theology". From 2012 this programme will be a "Bachelor of Arts (Theology)", with some adjustment to the advanced courses. The College has not chosen to make this change, but is required to do so as a result of changes to legislation affecting Higher Education. (Government Gazette No 30353).

studying for ministry

If your TEEC studies are part of your training for ministry in your church, then please consult your denominational authorities for suggestions, recommendations or requirements regarding your study path. Also speak to your local minister about your studies as some of the courses will require you to do practical work in your local context.

fees

The fees for the next academic year are published from 01 September. They are available on the College web site (www.tee.co.za), are printed in the relevant yearbook, and can be e-mailed, posted, or faxed to you.

how to register

A completed College Registration Form together with payment must be submitted between 01 October and 31 January. Late registrations are not accepted, no exceptions.
